Positions Available

On January 1, 2018, amendments to [The Local Authority Freedom of Information and Protection of Privacy Act \(LA FOIP\)](#) came into effect. Some of these changes include local authorities having an obligation to provide breach notifications to affected individuals if it is believed an incident creates a "real risk of significant harm." There's also a new offence for snooping, and penalties for offences have increased.

For more information on municipal duties with access to information, visit the [Government of Saskatchewan website](#) or the [Office of the Information and Privacy Commissioner website](#).

Host the Municipal Leadership Development Program (MLDP) in Your Hometown

Don't want to travel for leadership training? Bring the training to you by hosting a Municipal Leadership Development Program (MLDP) module.

The MLDP is a series of modules or workshops that target specific issues of importance to urban, rural, and northern municipalities in Saskatchewan. Mayors, councillors, and municipal staff interested in strengthening leadership in their local government are encouraged to attend and complete the modules.

Communities interested in hosting a module are invited to contact [Amy Roettger](#). For more information on the modules, visit www.mldp.ca.

Municipal Innovators Conference

This September, municipal innovators and change makers are invited to attend the 2018 Municipal Innovators Conference September 19-21.

The conference is an opportunity to showcase the innovative thinking that municipal staff employ on a daily basis, and a chance to participate in a national conversation about the future of municipal government.

For the first time, the conference is happening outside of Ontario in Calgary, Alta. [Learn more.](#)

Watch Your Ash Workshop

A workshop designed to help you protect your community's ash trees is happening in Saskatoon June 12.

With the workshop [Watch Your Ash](#), you'll learn how to prepare and save your ash trees from the destructive Emerald Ash Borer, a highly invasive beetle that has killed millions of ash trees in North America. The beetle has already been found in Winnipeg Man., years earlier than expected.

Municipal tree care staff, park operators, urban foresters, landscapers, nursery operators, arborists, and all tree care professionals are encouraged to attend the session taking place at the Saskatoon Forestry Farm.

For more information, call Keith at 1-866-550-7464, or [register here](#).
