Advancing Municipal
Infrastructure Innovation

Municipal Innovation Network

Saskatchewan's Global Leadership Opportunity

Building Upon Current Momentum

- Municipal Innovation Network (unprecedented)
- More than 100 industry members, researchers, municipalities and other stakeholders
- 15 Saskatchewan communities have signed 5 year MOU's to participate and have invested in excess of \$300,000 in cash/value-in-kind to the **Leveraged Municipal Innovation Fund**
- Industry-focused Municipal Infrastructure Innovation Fund
- Results – for every \$1 invested by Government into CT, a minimum of \$1.45 goes back to growing the economy

Building Upon Current Momentum

- Projects now underway on: pavement and pothole repair, asphalt recycling, winter road mix, wastewater sludge re-use, snow dump meltwater management
- Each project has a municipal “champion” to lead working group
- CT staff facilitating meetings/discussions
- Consultants hired as required to do detailed work

Building Upon Current Momentum

- Communities of Tomorrow
and

- Web-based platform
- Smarter infrastructure solutions

- Innovation
- Financing
- Defining the need
- Engagement
- Practical approaches
