

## Calendar of Opportunities

Here's what our SUMA procurement team is working on, as requested by the Program Development Advisory Committee. This committee is composed of volunteers from member municipalities who help us prioritize the procurement needs of our members.

The first step for each opportunity is a [Request for Proposal](#). We then canvass members for volunteers to sit on a Bid Evaluation Committee. That committee helps choose a vendor for the program. Once a vendor is selected and the program is set up, we will notify members and include the information on [the SUMAdvantage page of our website](#).

Year	Opportunity	Status
2016	<a href="#">Office Products*</a>	Complete
