## Federal Election Advocacy: Make Municipalities Matter

Canadian voters are set to head to the polls on **April 28** to vote in the **federal election**.

At SUMA, we know that our urban municipalities are at the frontlines of many of the challenges facing Canada today -- from infrastructure needs to tariff challenges to the crisis in mental health, addictions, and homelessness.

Throughout the federal election campaign, **SUMA is advocating to all parties** to ensure policy decisions are made that support the prosperity and wellbeing of our communities.

For the 2025 Federal Election Campaign, SUMA is calling on all federal parties to present platforms that address 12 issues within three key areas of focus:

### Infrastructure

- Funding for municipal infrastructure
- Broadband connectivity
- Municipal development costs

### Economy

- Getting products to market
- Border services
- Inter-provincial trade barriers and tariff challenges as an impediment to growth in small communities
- Return of carbon tax funds to municipalities
- Maintenance of Canada Post services

### Community Safety and Well-Being

- RCMP resourcing
- Non-market housing support
- Funding for municipal emergency services
- Changes to the *Canada Health Act* to support mental health, addictions, and homelessness

**We need your support.** We encourage our members and partners to advocate for our priorities to your local federal candidates.

We have launched **SUMA's 2025 Federal Election Advocacy Hub** as a resource for you to use and share to support our advocacy. Here you will find information on our key advocacy issues, links to social media platforms, and recent articles relating to the issues we are championing.

**Visit SUMA's 2025 Federal Election Advocacy Hub**

## Reminder: Access to SUMA Member Portal

SUMA wishes to remind members of the many resources available on the **SUMA Member Portal**, including **recordings from the 2025 Virtual Summit and webinar recordings**. A recording of SUMA's latest webinar, **Healthcare Practitioner Community Support Toolkit**, is now available to be viewed at any time.

Each municipality has one shared login for the Member Portal that should be distributed to all staff and members of council. Please contact your Chief Administrative Officer for access. We encourage you to revisit or share previous webinars with other staff or elected officials.

If you are unsure of your login information, please contact [communications2@suma.org](mailto:communications2@suma.org) for assistance.

## ADVOCACY UPDATE

### Federal Plastics Registry

The **Federal Plastics Registry** is a tool launched in 2024 that compels plastic producers, service providers for the management of plastics, and other companies across the plastics value chain to help monitor and track plastic from the time it is produced up to its end of life. By better tracking plastic through its full life cycle, both governments and industry will be better equipped to address plastic waste and pollution through increased transparency and sound, robust, evidence-based decision-making.

The Federal Plastics Registry requires **reporting on the quantity and types of plastic put on the Canadian market and how plastic moves through the economy**. It includes packaging, single-use and disposable products, construction, transportation, electronics and electrical equipment, tires, textiles and apparel, fishing and aquaculture equipment, and agriculture and horticulture equipment.

There is significant need for all sectors and stakeholders in Canada to take action to reduce plastic waste and pollution. **In 2019, Canadians threw away 4.4 million tonnes of plastic waste, only nine per cent of which was recycled.** Municipalities can do their part by encouraging plastics producers, distributors, service providers, and other companies to use the Federal Plastics Registry.

The first reporting deadline for the Federal Plastics Registry is **September 29** for the 2025 calendar year.

## Broadband Connectivity

The **Saskatchewan Broadband Action Committee** (SBAC) is a cross-sector and community-based group of provincial, local, and Indigenous organizations and networks. The Committee was formed through a collective concern over the issues and lost opportunities for all citizens related to broadband connectivity across the province. SUMA is co-chair of the SBAC.

SBAC's key focus is to assist with addressing long-standing issues affecting broadband connectivity and advise and direct actions leading to a shared strategy, investment, and vision.

### The Need for Change:

1. Saskatchewan continues to receive the lowest per capita investment from the Federal Government.
2. There is a persistent digital divide for individuals living on First Nations and in small urban and remote communities.
3. 53 per cent of the province does not have access to broadband 50/10 high-speed (the CRTC's national standard).
4. Saskatchewan is currently the only province without a provincial plan related to improving broadband infrastructure.
5. A large portion of the Saskatchewan population lives in rural or small urban areas, where connectivity is a concern.

### Call to Action:

As a committee, SBAC has outlined five key calls to action for the Provincial and Federal Governments to develop a provincial broadband plan and receive greater investment in broadband infrastructure – outlined in the [2025 SBAC Briefing Note](#).

To further SBAC's cause, our ask of you is to continue to raise this issue and ask questions with your local MLA and the Provincial Government. Together, we can achieve broadband parity for all Saskatchewan residents, regardless of address.

## CONVENTION 2025

We are  
**URBAN.**

**SUMA** | 2025 SUMA Convention and Tradeshow | April 13-16 Saskatoon, SK

As members from across Saskatchewan come together for the first time following the municipal election, SUMA would like to celebrate the strength of our communities as a part of the urban family. This year, help us create an environment of inclusion and education by shining a light on all the ways urban municipalities—from the smallest villages to the largest cities—serve their population.

Convention 2025 promises to be a busy four days, from excursions and education sessions, to the Bear Pit featuring the Provincial Government cabinet. See the [agenda](#) for a list of times and sessions. For more detailed information, check out the [2025 Convention Brochure](#).

## Convention App

For the 2025 SUMA Convention and Tradeshow, we will once again be using the **SUMA Convention App**, sponsored by SaskTel. Everything you need to know about the 2025 SUMA Convention and Tradeshow is now available at your fingertips!

You can **use the app** to make a customized schedule, view documents like Resolutions and the AGM package, participate in live questions during sessions, share your photos and see what others are saying about Convention, and view the sponsors and exhibitors in the Municipal Marketplace. There are also interactive maps available to help you find each of your sessions.

The app is also where you can play our **Convention game**, which includes fun challenges you can complete during Convention. When you do, you'll find a code to enter into the app game for points. Those with the highest points have a chance to win a great prize! Feeling competitive? There are a few challenges that are only available before Convention starts -- play now!

To **access the free SUMA Convention App**, visit your device's app store and search "SUMA Convention." Once you have downloaded the app, enter the same email address that was used to register you for Convention.

Use your password from last year's app or use the "forgot my password" button to reset your password if you don't remember it or are a new user. Alternatively, you can log in with a One-Time Code. Click this button and a code will be sent to the same email address that you can enter in the app to log in.

Navigate through the app by clicking the buttons on the homepage that provide shortcuts to the most commonly used pages: agenda, documents, speakers, exhibitors, sponsors, and socials. For more information, click the three lines on the upper left corner to open the side bar where you will find more details about Convention 2025. To edit your profile and find your customized agenda, notes, and more click the profile icon in the upper right corner.

### REGISTRATION FAQS FOR MEMBERS

#### BEFORE YOU BEGIN

You'll need to gather the details for all attendees from your municipality before you begin the registration process. As soon as you enter a delegate in the registration system they are considered registered — even if you don't complete their registration. **Only enter delegates that have confirmed their attendance.**

Here is a list of details you'll need to gather and confirm before you start:

**The Basics**

- Who is in charge of registration? Your municipality will be registered as a group and not as individuals, so it is important to assign one person (such as a clerk, administrator, or clerk) to handle the registration process.
- Who is attending from your municipality? Make sure you have the correct spelling of their names and email addresses.
- What category will each attendee fall under?
  - Voting delegates
  - Non-voting delegates
    - Municipal employees/tradeshow observers - municipal employees wishing to attend the tradeshow only. (Municipal employees are able to attend the tradeshow for free but must be registered as a tradeshow observer in the convention registration system.)
- How many voting delegates are allotted to your municipality and which council members will be assigned voting privileges?
- Will your council members be attending in-person or participating online? Make sure you know the preference of each council member you are registering.
- NEW! As a part of our We are Urban campaign, SUMA will be giving a t-shirt to each in-person delegate to celebrate the strength of our communities and our unity as part of the urban family. Please check with your delegates and let us know their preferred t-shirt sizes.
- What education, breakout, and dialogue sessions will each of your delegates attend? See the promotional brochure for more details.
- Are you in-person delegates interested in participating in one of the two optional excursions? See the promotional brochure for details on the excursions.
- Will you need additional event tickets? One ticket to the Welcome Reception and President's Gala is included in each delegate registration. Additional tickets for the Welcome Reception can be purchased for \$75. President's Gala tickets can be purchased for \$100 per ticket.

**Special Circumstances**

Does your municipality have to register a SUMA Board member? If yes, you should have received a promotional code. If not, please contact Heather Vanderaa at 306-525-4391 or [execstatent@suma.org](mailto:execstatent@suma.org).

Are any of your attendees receiving a service award? (This would include Honorary Service, Meritorious Service, Scogg Leamy, and Life Membership awards). If you have award recipients, you should have received a promotional code. If not, please contact Chayenne Geysen at 306-525-4390 or [communications@suma.org](mailto:communications@suma.org).

## CAPACITY BUILDING OPPORTUNITIES

**MuniCast**  
A SUMA Podcast  
**Bonus Episode**  
**Behind the Badge with**  
**Chief Marshal Robert Cameron**

The Government of Saskatchewan announced the creation of the Saskatchewan Marshals Service in 2023. After a comprehensive search and hiring process, Robert Cameron was appointed as the Chief Marshal of the Saskatchewan Marshals Service effective January 1, 2024.

Public safety, and policing in particular, are extremely important topics for SUMA members. In this episode, **Behind the Badge with Chief Marshal Robert Cameron**, learn more about what this new service will mean for SUMA members, the reason for creating the Marshals Service, and how they will work with other established policing services including the RCMP and municipal police services.

During the episode Chief Cameron refers to the "James Smith" incident. More information about the tragedy can be found [here](#).
