SEA HAWK SPECIALIZED TRUCK SERVICE

HIGH LEVEL PERFORMANCE BEYOND THE CALL OF DUTY

In 2013 Sea Hawk began servicing fire apparatus and forged our name in the industry. We have serviced thousands of very satisfied customers in Western Canada, Northern Ontario and The Northwest Territories. Our team's goal every day is to focus on how to create a better service experience for our current and future customers.

Sea Hawk SPECIALIZED TRUCK SERVICE currently offers a variety of service options. From advanced apparatus repairs, to annual pump and ladder testing, to full refurbishment of your fire apparatus, Sea Hawk Specialized Truck Service has you covered. We are also the Holmatro Rescue Tool sales & service distributor for Manitoba & Saskatchewan.

EQUIPMENT SALES
PRODUCTS DELIVERED BY THE BEST TEAM
IN THE BUSINESS

It was very clear to Sea Hawk from the beginning that our customers wanted a better buying experience when it came to fire equipment and turnout gear (PPE). In 2017 the continued demand for high quality equipment allowed our Sea Hawk GEAR UP EQUIPMENT SALES division to focus on the daily demands that fire departments face. We have a focused team with vast experience and knowledge of the fire service and the equipment that is needed to safely do the job. We have partnered with the highest quality fire equipment manufacturers in the world to bring you the very best options every time.

We are also firefighters and our commitment to you is that we will only sell what we would use ourselves. It's simple, we trust what we sell. Our team is here to help you and it is our guarantee you are getting the best the industry has to offer.

SEA HAWK FIRE TRUCK SALES FORCE

RELIABLE FIRST-CLASS SERVICE THAT YOU
CAN DRIVE AWAY WITH

In 2018 Sea Hawk FIRE TRUCK SALES FORCE became the exclusive Canadian Dealer for Acres Emergency Vehicles. Our relationship with Acres Emergency Vehicles is a long one. As their warranty and service provider for many years, Sea Hawk was proud to partner with Acres as their Exclusive Fire Truck Sales provider.

Acres trucks are built with excellent performance, quality, design and longevity. These are statements that come directly from our satisfied customers. A conscientious approach prevails throughout the full extent of the manufacturing process. Your job is life or death, you deserve only the best that Acres and Sea Hawk can offer!

ACRES EV IS THE OFFICIAL FIRE TRUCK OF THE CVFSA

SEA HAWK PERFORMANCE

RESPONSE & CONSULTING

TOP PROFESSIONALS. SERIOUS CHALLENGES. ONE SOLUTION.

Response

Sea Hawk is excited to introduce our new Emergency Response Division. After being involved in many trying fire seasons in Western Canada the decision was made to bring the best minds, equipment and trucks to the fight. Sea Hawk PERFORMANCE is excited to partner with companies like Acres Emergency Vehicles, Thermo-Gel and Scotty Firefighter.

Our trusted team members have extensive experience in providing response and consultation for some of the largest threats and disasters in Canadian history. When working with Sea Hawk you can expect a professional, experienced and self-sufficient team that will work closely with your agency to provide real options and/or solutions to protecting your community or assets.

Consulting

Sea Hawk in partnership with the Canadian Volunteer Fire Services Association (CVFSA) has developed a standardized Evaluation Tool for the fire service in Canada. The fire service is facing more challenges than ever before, policies, training demands, OH&S, HR requirements, recruitment, budgets, maintenance, and infrastructure. Our team of experienced fire service leaders are here to help. The Sea Hawk PERFORMANCE Evaluation Tool leaves Municipalities and First Nations with an actual roadmap and framework to identify what they are doing right, and where there is some room for improvement. The fire service, administration, and councils can then work together with Sea Hawk to find solutions to their challenges, based on individual provincial requirements, recommendations and best practices. We have brought the only solution backed by a national organization to the fire service.

As part of the evaluation the CVFSA reviews and collaborates on every evaluation with the Sea Hawk PERFORMANCE team to ensure provincial requirement and best practices are being met or recommended. You can feel confident you will be receiving the best options for your fire service.

Industry leaders in fire service Administration, Operations, Health & Safety, Training, and Infrastructure have been brought under one roof to provide you with the best possible solutions to your fire service challenges.
