

Now Offering Transportation Services

Transportation Services

To meet the demands of new and existing clients, we have recently expanded our services to include transportation. Our Senior Transportation Engineer has over 20 years of consulting experience with multinational firms in Saskatchewan, Alberta and Dubai, UAE.

We are proud to offer a complete array of transportation services including:

- Traffic Impact Studies & Modelling
- Multi-modal Transportation Planning, Feasibility Studies & Demand Management
- Traffic Modelling, Simulation & Signalization
- Development Planning
- Parking Studies
- Active Transportation
- Traffic Surveys & Data Collection
- Transportation Master Plans
